Eileen Zimmerman LCSW/MA For The Aging 203-268-1137

Pam Healy/ Outreach 203-261-0289

The Healing The Heart Workshop was a great success and I am hoping to offer it again in the Fall for those of you that may be interested let me know so that I can put you on the list to call with details.

I would also like to have a **Caregivers Group** in the Fall that meets at the ESC (exact dates and times TBD) call me so that I can add you to list of those that might be interested.

Please be careful of the counterfeit and illegal drugs that are being sold at many online illegal or Rogue Pharmacies. I recently went to a presentation that addressed this growing problem. Please see me if you use an online pharmacy and are having concerns that it may not be legit. We can look it up together to see if your concerns are warranted.

Pam Healy continues to make herself available for home visits just give her a call.
